10:30	Workshop of individual perfume creations Moderated by: Monika Kaleta, Head Perfumer at Pollena-Aroma, Agnieszka Pieńkosz-Żagan, Senior Perfumer at Pollena-Aroma Workshop agenda: Introduction: How is a fragrance composition created? A brief overview of the basics of fragrance creation - the role of head, heart and base notes, what an accord is and how a coherent fragrance is composed. Fragrance families and chords - the sensory part Presentation of ingredients divided into the main fragrance families. Participants have the opportunity to learn about and test selected chords, which will become the base of their own compositions. Creation of an individual perfume composition Working in 5-person sub-groups with perfumers. Each participant prepares their own perfume composition using the provided ingredients and professional support. Conclusion and inspiration for the future Discussion of the most common mistakes and practical tips for those who want to deepen their knowledge of perfumery. Opportunity to ask experts the questions. Registration at the organiser (please wait for the newsletter). Number of places limited.
